

材料计算与建模研讨会

Workshop on Computing and Modeling of Materials

(Wuhan University, June 2-3, 2017)

The Workshop on Computing and Modeling of Materials will be hold at Wuhan University from Jun. 2nd to Jun. 3rd. This workshop is organized and sponsored by Wuhan University. This workshop focuses on interdisciplinary approaches that bridge mathematical modeling and computational methods to material science. This workshop aims to provides a forum to young researches to exchange their ideas and promote collaboration in this field.

Invited Speakers:

Yongyong Cai (蔡勇勇) Beijing Computational Science Research Center

Kai Jiang (蒋凯) Xiangtan University

Yi Shi (施意) Institute of Applied Physics and Computational Mathematics

Qinglin Tang (唐庆霖) National University of Singapore

Zhen Zhang (张振) Southern University of Science and Technology

Hua Zhong (钟华) Guangdong University of Finance and Economics

Main Organizers:

Shuyang Dai, Zhijian Yang, Wei Jiang

Contact: Shuyang Dai

E-mail: shuyang_dai@whu.edu.cn

Tel: 15871480760

Venue: Lecture room, 3rd floor of the Math building.

欢迎各位老师和研究生参加
